Integrating the work of Kegan with coaching will cause coaches to have deeper, richer conversations.
 - b. Participants will learn practical frameworks and tools for developing collaborative groups that bring collective responsibility in student learning. Leaders and group members will learn ways to conduct more productive and satisfying meetings and conversations in which members develop new norms and skills for interaction, goal clarification, problem-solving and decision-making.
 - c. This workshop is specifically designed to support Cognitive Coaches who work as administrators, site administrators, teachers, curriculum directors and have involvement with special education students. Those who convene and manage work teams, site councils, shared decision making groups and faculty committees will benefit from this training.
- E. Consultant agrees to hold harmless and indemnify the State of South Dakota, its officers, agents and employees, from and against any and all actions, suits, damages, liability or other proceedings which may arise as a result of performing services hereunder.
